PERSONAL PROFILE

Currently, pursuing Bachelor of technology, pre-final year. I have a keen interest in learning web development and Flutter. Hence, striving to continuously enhance my skills and knowledge in the respective fields.

EDUCATION

Bachelor of Technology in Computer Science and Engineering, GLA University, Mathura.   2022
Intermediate (71%)   2018
High School (81.6)   2015

SUMMER TRAINING

ICT Academy, IIT Kanpur
Cyber Security
- I learned about the fundamental concepts of cybersecurity and ethical hacking like footprinting, session hijacking, etc and also implemented various basic hacking techniques using a number of tools.
- I worked on the project "Penetration testing on Windows Operating System" in which I gathered information about the computer system with the help of footprinting and scanning, then I tried to gain access to the target system by installing malware in it.

PROJECTS

Pet Care
- It is an app having chatbots embedded in it for different domestic animals to answer pet related queries.
- It was developed using Flutter, Firebase and Dialogflow for building chatbot.

Ghostpedia
- It is a website where you can read about ghosts and urban legends of different countries.
- It was developed using HTML, CSS, Bootstrap, JavaScript, and jQuery.

Hotel Management System
- It is a desktop application developed for the hotel staff to manage the entire hotel from the single system.
- The UI was designed using Java Swing and MySQL was used in backend.

SKILLS

Technical
- **Coding Languages:** Java.
- **Web Development /Frameworks/Systems:** HTML, CSS, Bootstrap, jQuery, React.js, Visual Studio Code, IntelliJ, MongoDB Compass, Git & GitHub, Linux, Android Studio.
- **Database :** MySQL, MongoDB.

Professional
- Leadership qualities, persistence, initiative**.**

EXTRA/CO-CURRICULAR ACTIVITIES

- Youth Parliament
- Attended a workshop on Introduction to Java.

CERTIFICATES

- Introduction to flutter
- Front-end Fundamentals
- Microsoft Technology Associate for Security Fundamentals.
